### Summary (as of Sep 5, 2001)

Critical Infrastructures Protection Act of 2001- Directs the National Infrastructure Simulation and Analysis Center (NISAC) to provide: (1) support for the activities of the President's Critical Infrastructure Protection and Continuity Board; and (2) modeling, simulation, and analysis of any systems (cyber and/or physical) comprising critical infrastructures to gain an increased understanding of their complexity, to facilitate modification to mitigate threats to such systems, to provide training to members of the Board, and to enhance the stability of critical infrastructures. Requires the Board to provide to the Center information on the critical infrastructure requirements of each Federal agency.
