### Summary (as of Nov 16, 2001)

Maritime Security Advancement Act - Directs the Secretary of Transportation to give priority in awarding financial assistance for research and development to projects that are designed to: (1) make cargo more secure, better sealed and more tamper proof; (2) improve content labeling technology; and (3) foster innovations in physical handling of cargo to improve seaport security, reduce cargo theft, and mitigate the threat of seaport-related terrorism. Directs the Secretary to conduct a study to determine technologies that provide the greatest security with respect to handling, labeling, sealing, and transportation of cargo.
