**Title I: Indian Financing Act Amendments** - Indian Financing Act Amendments of 2002 - (Sec. 103) Amends the Indian Financing Act of 1974 to increase from \$100,000 to \$250,000 the amount of total unpaid principal indebtedness of an individual Indian for which the Bureau of Indian Affairs may guarantee or insure loans.

Authorizes any transfer (currently limited to sale or assignment), in whole or in part, of both the guaranteed/insured and unguaranteed/uninsured portions of such a loan. Authorizes secondary transfers (to secondary market investors) as well as initial transfers.

Requires that the Secretary of the Interior be notified of such transfers.

Declares that, notwithstanding any such transfer, the lender shall remain obligated on the guarantee or insurance agreement between the lender and the Secretary, continue to be responsible for loan servicing, and remain the secured creditor of record.

Pledges the full faith and credit of the United States behind loan guarantees and loan insurance made under this Act.

Requires the Secretary to: (1) provide for the central registration of transferred loans/loan portions; and (2) contract with a fiscal transfer agent to act as the Secretary's designee under this title, and carry out the Secretary's central registration and fiscal transfer agent functions.

Permits pooling of such transferred loans/loan portions.

**Title II: Yankton Sioux and Santee Sioux Tribes Equitable Compensation** - Yankton Sioux Tribe and Santee Sioux Tribe Equitable Compensation Act - (Sec. 204) Establishes in the Treasury the Yankton Sioux Tribe Development Trust Fund and the Santee Sioux Tribe Development Trust Fund.

Directs the Secretary of the Treasury (Secretary), on the first day of the 11th fiscal year beginning after enactment of this Act, to transfer from the General Fund into such Funds specified amounts plus the equivalent of the annually compounded interest that would have accrued on such amounts if they had been invested in interest-bearing U.S. obligations or in obligations guaranteed by the United States. Requires the Secretary to invest in such obligations the portion of such Funds not required to meet current withdrawals.

Directs the Secretary, beginning the same day as such transfer, and the first day of each following fiscal year, to withdraw the aggregate amount of interest deposited into the Funds for that fiscal year and transfer it to the Secretary of the Interior for making payments to the Yankton Sioux Tribe and the Santee Sioux Tribe for carrying out projects and programs under their respective Tribal Plan.

(Sec. 206) Directs the tribal council of each Tribe to prepare a Tribal Plan for using payments to carry out projects and programs to promote: (1) economic development; (2) infrastructure development; or (3) the educational, health, recreational, and social welfare objectives of the Tribe and its members. Prohibits per capita distributions to Tribe members.

(Sec. 207) States that payments under this Act shall not affect other Federal services or programs to which the Tribes are otherwise entitled, or the Pick-Sloan Missouri River Basin power rates, nor be subject to Federal or State income tax.

(Sec. 209) Authorizes appropriations.

(Sec. 210) Extinguishes upon such deposit in the Funds all monetary claims of the Tribes against the United States for loss of value or use of land resulting from the Fort Randall and Gavins Point projects of the Pick-Sloan Missouri River Basin program upon the Secretary's transfers to the tribal Funds established by this Act.

**Title III: Oklahoma Native American Cultural Center and Museum** - (Sec. 301) Directs the Secretary of the Interior to offer to award financial assistance grants and technical assistance to the Native American Cultural and Educational Authority of Oklahoma for the development of the Native American Cultural Center and Museum in Oklahoma City, Oklahoma.

Requires the Authority, to be eligible to receive such a grant, to: (1) agree to provide for continual maintenance of the Center without the use of Federal funds; and (2) demonstrate commitments from private persons or State or local government agencies for at least 66 percent of the cost of the activities to be carried out under the grant. Limits the amount of any such grant to 33 percent of the cost of the activities to be funded under such grant.

Requires the Secretary, when calculating the Authority's cost share, to reduce its obligation by the fair market value of approximately 300 acres of land donated by Oklahoma City for the Center, if such land is used for the Center.

Authorizes appropriations for FY 2003 through 2006.

**Title IV: Transmission of Power From Indian Lands In Oklahoma** - (Sec. 401) Requires the Administrator of the Southwestern Power Administration, under specified existing circumstances, to make its transmission services available for the transmission of electric power generated at facilities located on land within the jurisdictional area of any Oklahoma Indian tribe recognized by the Secretary as eligible for trust land status.

Requires the owner or operator of the generation facilities concerned to reimburse the Administrator for all cost of such actions.

**Title V: Pechanga Tribe** - (Sec. 501) Prohibits the transfer of land located in Riverside County, California, held in fee by the Pechanga Band of Luiseno Mission Indians, as described in Document No. 211130 of the Office of the Recorder, until: (1) the Secretary renders a final decision on the pending fee to trust application; and (2) final decisions have been rendered regarding all appeals relating to that application decision; or (3) the fee to trust application is withdrawn.

Describes the content of such cases as including the Indian Nations' interests in the Disclaimed Drybed Lands and the construction, maintenance and operation of the McClellan-Kerr Navigation Way on the Arkansas River, Oklahoma.

Approves and ratifies transfers of interests in the Disclaimed Drybed Lands by parties other than the Indian Nations that have occurred in violation of the Trade and Intercourse Act, to the extent that such transfers are otherwise valid under law.

Sets forth retained rights in related lands (including Wetbed Lands, subject to a U.S. navigational servitude), minerals, and waterways.

Entitles the United States to setoff certain transferred funds against claims of the Indian Nations in the event the Court of

Federal Claims does not enter into a consent decree as set forth in this Act.

Prohibits the United States and the Indian Nations from being made parties to any quiet title or other lawsuit to determine ownership of or an interest in the Disclaimed Drybed lands after the execution of this Title.

Declares that, to the extent that the United States is able to effectively maintain the McClellan-Kerr Navigation Way without retaining title to lands above the high water mark of the Arkansas River, such lands, after being declared surplus, shall be conveyed in fee to the Indian Nation within whose boundary the land is located.

Authorizes appropriations for the settlement of claims for FY 2004 through 2007.

(Sec. 606) Establishes in the Treasury three separate tribal trust fund accounts for the receipt of all appropriations and allocations under this Act for each of the respective Indian Nations. Prohibits any per capita payments.
