### Summary (as of Sep 6, 2001)

---

Cell Development Research Act of 2001 - Amends the Federal Food, Drug, and Cosmetic Act to provide for the establishment and maintenance of a single panel in the Food and Drug Administration to: (1) provide expert scientific advice and recommendations in the field of cell development, including advice and recommendations regarding any clinical investigation of a drug developed as a result of research in the field of embryology and any approval for marketing of such a drug; and (2) make policy recommendations with the goal of promoting research in the field of cell development. Prohibits the panel making recommendations regarding the practice of fertility medicine.
