Summary (as of Feb 6, 2001)

Expresses the sense of the House of Representatives that: (1) in authorizing medical facility projects and leases for the Department of Veterans Affairs, Congress should authorize projects that are designed specifically for treating veterans with Alzheimer's disease and conducting related research; (2) the Secretary of Veterans Affairs should encourage innovation by Department health care personnel in treating veterans with such disease; and (3) the Secretary should consider and facilitate the sharing of information on such disease among Department facilities and personnel.
