Lewis and Clark Voyage of Scientific Discovery Act - Directs the Secretary of the Interior to establish a program at the River Studies Center of the Biological Resources Division of the United States Geological Survey in Columbia, Missouri, to determine and monitor the biological and chemical characteristics of the Missouri River, determine and monitor the relationship of those characteristics with the river's hydrology and geomorphology, and monitor and assess the river's biota and water quality. Requires contracts with Indian tribes whose reservations are located along the Missouri River and have an interest in environmental restoration.

Requires establishment of a publicly available database.

Makes a specified amount of funds provided under this Act available to monitor and conduct focused investigations of endangered fish, including pallid sturgeon.
