Summary (as of Jan 31, 2001)

Robin Danielson Act - Amends the Public Health Service Act to require the Director of the National Institutes of Health to provide for the conduct or support of research on the extent to which additives in feminine hygiene products pose any risks to the health of women or to the children of women who use those products during or before the pregnancies involved.

Amends the Public Health Service Act to direct the Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention: (1) to establish a program to collect, analyze, and make available data on toxic shock syndrome, including data on the causes of such syndrome; and (2) in carrying out such program, to determine the national incidence and prevalence of such syndrome.
