## Summary (as of May 14, 2002)

---

Declares that Congress should: (1) commit and provide substantially increased Federal funding and resources for combined sewer overflow control; (2) increase funding for such control to levels sufficient to cover at least 80 percent of the costs incurred by economically disadvantaged communities; (3) provide the Environmental Protection Agency with additional resources to improve nationwide tracking of progress in combined sewer overflow control programs; and (4) expressly authorize the Army Corps of Engineers to assist municipalities with assessment and design work associated with combined sewer system upgrades.
