Klamath River Basin Restoration and Emergency Assistance Act of 2002 - Directs the Secretary of the Interior to establish the Klamath River Basin Conservation Area Restoration Program.

Requires such program to provide loans, grants, and technical assistance for short- and long-term water conservation projects in the Klamath Basin.

Covers projects which: (1) provide incentives for growing crops requiring less water; (2) acquire property interests; (3) restore habitat; and (4) feature tail-water recovery programs, lining of earthen irrigation channels and groundwater recharge and management systems.

Prohibits the use of funds to bring newly irrigated lands into agricultural production.

Limits the Federal share to 75 percent of costs, permitting in-kind contributions for the non-Federal share.

Requires the Secretary to provide emergency financial assistance to persons in northern California and Oregon coastal communities adversely affected by the Klamath Basin salmon kill disaster of 2002.

Directs the Secretary to modify the operation of the Klamath Project so that Klamath River flows meet a specified standard.

Establishes the Klamath Basin Restoration Task Force.

Requires the Secretary to implement the low release requirements for the Trinity River, permitting modifications as specified.

Maintains existing tribal fishery, water, and other rights.
