Meat and Poultry Pathogen Reduction and Enforcement Act - Amends the Federal Meat Inspection Act and the Poultry Products Inspection Act, respectively, to direct the Secretary of Agriculture to: (1) prescribe initial and final pathogen performance standards for raw meat and raw poultry, and meat and poultry products processed in establishments inspected under such Acts; (2) identify, and publish a list of, such pathogens; (3) initiate pathogen surveys to determine existing levels of meat and poultry contamination; (4) perform microbial compliance testing at such establishments, and prohibit non-complying establishments from labeling such products as "inspected and passed "; and (5) report on the scientific feasibility of establishing health-based performance standards for pathogens in raw meat and meat products.

Directs the Secretary to establish a National Advisory Committee for Microbiology Criteria for Foods.

Directs the Secretary to enforce Hazard Analysis and Critical Control Point (HACCP) System requirements and other sanitation requirements in any official establishment. Authorizes the Secretary to prohibit non-complying establishments from labeling any meat or meat product, or poultry or poultry product, as "inspected and passed."
