Department of Defense Appropriations Act, 2004 - Appropriates funds for FY 2004 for the Department of Defense (DOD) for: (1) military personnel; (2) operation and maintenance (including for overseas contingency operations, the United States Court of Appeals for the Armed Forces, environmental restoration, overseas humanitarian, disaster, and civic aid, and former Soviet Union threat reduction); (3) procurement (including for shipbuilding and conversion and purchases under the Defense Production Act of 1950); (4) research, development, test and evaluation (RDT&E); (5) revolving and management funds; (6) DOD medical and health care programs; (7) chemical agents and munitions destruction; (8) drug interdiction and counter-drug activities; (9) the Office of the Inspector General; (10) the Central Intelligence Agency Retirement and Disability System Fund; (11) the Intelligence Community Management Account; (12) the Kaho'olawe Island Conveyance, Remediation, and Environmental Restoration Fund; and (13) the National Security Education Trust Fund.

Specifies authorized, restricted, and prohibited uses of appropriated funds.

Rescinds specified funds from various accounts under prior defense appropriations Acts, including funds made available for the Iraq Freedom Fund under the Emergency Wartime Supplemental Appropriations Act, 2003.

Prohibits the use of appropriated funds for: (1) approving or licensing the sale of the F-22 advanced tactical aircraft to any foreign government; (2) RDT&E, procurement, or deployment of nuclear armed interceptors of a missile defense system; or (3) research and development on the Terrorism Information Awareness program (requires specific authorization by law for the deployment or implementation of such program).

Reduces the total amount appropriated in this Act in order to limit excessive growth in the procurement of advisory and assistance services.
