## Summary (as of Jul 25, 2003)

Designates the month of September 2003 as National Prostate Cancer Awareness Month.

Declares that the Federal Government has a responsibility to: (1) raise awareness about the importance of screening methods and treatment of prostate cancer; (2) increase research funding that is commensurate with the burden of the disease so that the causes of, and improved screening, treatments, and a cure for, prostate cancer may be discovered; and (3) continue to consider ways for improving access to, and the quality of, health care services for detecting and treating prostate cancer.

Requests the President to call upon Americans, interested groups, and affected persons to promote awareness of prostate cancer, to take an active role in ending the devastating effects of prostate cancer on individuals, their families, and the economy, and to observe the month of September 2003 with appropriate ceremonies and activities.
