### Summary (as of Feb 23, 2004)

United States Military Cancer Institute Act of 2004 - Establishes in the Uniformed Services University of the Health Sciences the United States Military Cancer Institute to carry out research studies on: (1) the epidemiological features of cancer among populations of various ethnic origins, as well as complementary research on oncologic nursing; (2) the prevention and early detection of cancer; and (3) basic, translational, and clinical investigation matters relating to such studies.

Directs the Institute to conduct the study in collaboration with other cancer research organizations and entities selected by the Institute.
