(This measure has not been amended since it was introduced. The summary of that version is repeated here.)

State High Risk Pool Funding Extension Act of 2004 - Amends the Public Health Service Act to reauthorize funds for States to create high risk health insurance pools and to operate existing State high risk pools. Amends the formula for appropriating funds to States to operate such pools to give one-half of the funds to eligible States equally and apportion the other half based on the number of uninsured individuals in each State and the number of enrollees in the State's qualified high risk pool. (Currently, all funds are allotted based solely on the number of uninsured individuals in the State.) Authorizes appropriations for the program through FY 2009.
