Summary (as of Sep 25, 2003)

Geospatial Preparedness Act - Requires the Secretary of Homeland Security to direct the Chief Information Officer (CIO) of the Department of Homeland Security to work with the Departments of the Interior and Justice, the National Imagery and Mapping Agency, other appropriate Federal agencies, and members of the Federal Geographic Data Committee to use and enhance the National Spatial Data Infrastructure for homeland security purposes.

Directs the CIO to establish security and policy guidelines for the acquisition, processing, and dissemination of geospatial data depicting critical infrastructure and strategic assets in the United States.

Requires the: (1) Secretary to establish the Office of Geospatial Management within the Office of the CIO; and (2) Geospatial Manager to work with the CIO to design, manage, coordinate, and implement comprehensive geospatial initiatives.
