Summary (as of Jun 9, 2004)

Ronald Reagan Memorial Stem Cell Research Act of 2004 - Requires the Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, to conduct and support research using human pluripotent stem cells. Requires that the research be conducted in compliance with the National Institutes of Health guidelines published on August 25, 2000, including provisions regarding informed consent and areas of research that are ineligible for funding, without regard to any Federal administrative policies regarding such research established after the publication of such guidelines, including restrictions on the sources of human pluripotent stem cells.

Actions Timeline

- Jun 9, 2004: Introduced in House
- Jun 9, 2004: Referred to the House Committee on Energy and Commerce.
