Summary (as of Oct 11, 2004)

Expresses the sense of the Senate that the President should: (1) endorse the concept of a worldwide campaign of scientific activity for the 2007-2008 time frame; (2) require the Director of the National Science Foundation and the Administrator of the National Aeronautics and Space Administration to continue interagency and international inquiries and discussions that ensure a successful worldwide international science year in such time frame, emphasizing activities dedicated to global environmental research, education, and protection; and (3) report to Congress on the steps taken to carry out this resolution, including possible activities and organizational structures for an international science year in 2007-2008.
