### Summary (as of Feb 23, 2004)

---

Expresses the sense of Congress that negotiations on access to critical segments of the U.S. automobile market should not take place on a piecemeal basis, but only as part of: (1) negotiations that include all major automobile producing nations; and (2) comprehensive negotiations that address both tariff and nontariff barriers specific to the automobile industry, with progress on eliminating tariff barriers explicitly linked to concrete progress on eliminating nontariff barriers.
