Department of Energy National Security Act for Fiscal Year 2006 - **Division C: Department of Energy National Security Authorizations and Other Authorizations - Title XXXI [sic]: Department of Energy National Security Programs - Subtitle A: National Security Programs Authorizations** - (Sec. 3101) Authorizes appropriations to the Department of Energy (DOE) for FY2006 for: (1) activities of the National Nuclear Security Administration (NNSA) in carrying out programs necessary for national security, with specified allocations for weapons activities, defense nuclear nonproliferation activities, naval reactors, and the Office of the Administrator for Nuclear Security (Administrator); and (2) environmental restoration and waste management activities in carrying out national security programs, with specified allocations for defense environmental management, other defense activities, and defense nuclear waste disposal.

Subtitle B: Other Matters - (Sec. 3111) Requires a report from the Secretary of Energy (Secretary) to the congressional defense and appropriations committees detailing plans for achieving compliance under the Design Basis Threat issued by DOE in 2004.

(Sec. 3112) Directs the Secretary to submit to such committees an independent cost estimate prepared by the Army Corps of Engineers for the Waste Treatment and Immobilization Plant project at the Hanford Site, Richland, Washington.

(Sec. 3113) Requires the Secretary to report to the defense committees on the management by the Secretaries of Energy, Defense, State, and Homeland Security of border security programs in countries of the former Soviet Union and other countries.

(Sec. 3114) Amends the Department of Defense Authorization Act, 1986 to include tribal organizations as participants under cooperative agreements to carry out emergency preparedness and response in connection with the disposal of lethal chemical agents and munitions.

(Sec. 3115) Makes the Savannah River National Laboratory a participating laboratory in the DOE laboratory directed research and development program.

(Sec. 3116) Makes amounts authorized under this section available to the Secretary to purchase essential mineral rights (the right to mine sand and gravel) at the Colorado DOE facility known as the Rocky Flats Environmental Technology Site. Outlines purchase conditions and limitations, including a release from any natural resource damage liability upon payment of a specified sum to environmental trustees for the facility. Revises management responsibilities and boundaries with respect to the Rocky Flats National Wildlife Refuge. Provides funding for the required trustee payment.

(Sec. 3117) Prohibits funds authorized to be appropriated to DOE under this Act from being made available for the Robust Nuclear Earth Penetrator.

(Sec. 3118) Expresses the sense of the Senate urging the Director of the National Institute for Occupational Safety and Health to: (1) provide to Congress interim reports of residual beryllium contamination at DOE facilities no later than 14 days after completing the internal review of such reports; and (2) publish in the Federal Register summaries of the findings of such reports.

(Sec. 3119) Requires a report from the Secretary to Congress on advanced technologies for nuclear power reactors in the United States.

Title XXXII: Defense Nuclear Facilities Safety Board - (Sec. 3201) Authorizes appropriations for FY2006 for the

Title XXXIII: National Defense Stockpile - (Sec. 3301) Amends the Strom Thurmond National Defense Authorization Act (NDAA) for Fiscal Year 1999 and the NDAA for Fiscal Year 2000 to revise required receipt objectives, for the end of FY2010 and FY2013, for previously-authorized disposals of excess and obsolete materials in the National Defense Stockpile (Stockpile).

(Sec. 3302) Authorizes the President to dispose of up to 8 million pounds of contained tungsten in the form of tungsten ores and concentrates from the Stockpile in FY2006. Allows such ores and concentrates to be sold to U.S. entities with ore conversion or tungsten carbide manufacturing or processing capabilities.

(Sec. 3303) Authorizes the Secretary of Defense: (1) to dispose of up to 75,000 tons of ferromanganese from the Stockpile during FY2006; and (2) if that disposal is completed before September 30, 2006, to dispose of an additional 25,000 tons before such date. Allows the additional disposal only if the Secretary certifies to the defense committees that it: (1) is in the interests of national defense; (2) will not cause undue disruption to the usual markets of ferromanganese producers and processors in the United States; and (3) is consistent with the requirements and purposes of the Stockpile.

Actions Timeline

- **Dec 6, 2005:** Received in the House.
- **Dec 6, 2005:** Held at the desk.
- **Nov 22, 2005:** Message on Senate action sent to the House.
- **Nov 22, 2005:** Message on Senate action sent to the House.
- **Nov 15, 2005:** Measure laid before Senate by unanimous consent. (consideration: CR S12810-12811)
- **Nov 15, 2005:** Senate struck all after the Enacting Clause and substituted the language of S.1042 amended (Division C only).
- **Nov 15, 2005:** Passed/agreed to in Senate: Passed Senate with an amendment by Unanimous Consent.
