| 109 S 1619 | Related bill | Sep 7, 2005: Read twice and referred to the Committee on Agriculture, Nutrition, and Forestry. (text of measure as introduced: CR S9729-9734) |

School Environment Protection Act of 2005 - Amends the Federal Insecticide, Fungicide, and Rodenticide Act to require the Administrator of the Environmental Protection Agency (EPA) to: (1) establish a National School Integrated Pest Management Advisory System to develop and update uniform standards and criteria for implementing integrated pest management systems in schools; (2) establish a National School Integrated Pest Management Advisory Board; (3) provide grants to local educational agencies to develop such systems.

Prohibits: (1) the application of a pesticide when a school or school ground is occupied or in use; or (2) the use of an area or room treated by a pesticide, other than a least toxic pesticide, during the 24-hour period beginning at the end of the treatment.

Requires each local educational agency or school to provide notice of the integrated pest management system of the school district at the beginning of each school year and to give prior notice of any use of a pesticide (other than a least toxic pesticide).

Prescribes procedures to be followed if a pest cannot be controlled after having used an integrated pest management system and least toxic pesticides.

Prescribes civil penalties for violations of this Act.

Establishes the Integrated Pest Management Trust Fund to carry out education, training, propagation, and development activities under school integrated pest management systems.

Prohibits, no later than six years after this Act's enactment, the use of any pesticide other than a least toxic pesticide in schools unless the Administrator has met the requirements of this Act.
