Summary (as of Jun 7, 2005)

Commercial Airline Missile DefenseAct - Directs the Assistant Secretary of Homeland Security for the Transportation Security Administration to: (1) issue regulations that require all turbojet aircraft used by an air carrier for scheduled air services to be equipped with a missile defense system; and (2) purchase and make available to an air carrier such missile defense systems as may be necessary for it to comply with such regulations.

Makes an air carrier responsible for installing and operating a missile defense system purchased and made available by the Assistant Secretary.
