Summary (as of Jan 25, 2005)

Amends interstate pollution abatement provisions of the Clean Air Act to prohibit a stationary source of oxides of nitrogen located in an ozone nonattainment area from purchasing nitrogen oxide (NOX) emission credits under any emissions trading program established by the Environmental Protection Agency (EPA) or use any other authority provided by EPA rules that would permit emissions from the source in excess of emission limits for that pollutant otherwise applicable under the State implementation plan and the Act's NOX emission reduction program provisions.
