Establishes in the legislative branch a bipartisan Katrina Commission to: (1) examine and report upon the federal, state, and local response to the devastation wrought by Hurricane Katrina in the Gulf Region of Louisiana, Mississippi, Alabama, and other affected areas; (2) evaluate and report on the information developed by all relevant governmental agencies related to Hurricane Katrina before it struck the United States and in the days and weeks following; (3) make a complete accounting of the circumstances surrounding the approach of Hurricane Katrina to the Gulf states, and the extent of the Government's preparedness for and response to it; (4) examine planning necessary for future cataclysmic events that will require a significant marshaling of federal resources, mitigation, response, and recovery to avoid significant loss of life; (5) analyze whether any decisions differed with respect to response and recovery for different communities and what problems occurred as a result of a lack of a common plan, communication structure, and centralized command structure; and (6) investigate and report to the President and Congress on immediate corrective measures that can be taken to prevent problems with federal response to future cataclysmic events.
