Summary (as of Sep 7, 2006)

Hazardous Waste Electronic Manifest Establishment Act - Amends the Solid Waste Disposal Act to require the Administrator of the Environmental Protection Agency (EPA) to establish a hazardous waste electronic manifest system that may be used by a hazardous waste generator or transporter, an owner or operator of a hazardous waste treatment, storage, recycling, or disposal facility, or any other entity that is required to use a manifest to comply with any federal or state requirement to track the shipment, transportation, and receipt of hazardous waste or other material that is shipped from the generation site to an off-site facility for treatment, storage, disposal, or recycling.

Authorizes the Administrator to: (1) impose service fees on users to pay for developing, operating, maintaining, and upgrading the system; and (2) deposit the fees into the Hazardous Waste Electronic Manifest System Fund (established by this Act).

Requires the Administrator to: (1) establish the Hazardous Waste Electronic Manifest System Governing Board; and (2) carry out this Act in each state unless the state program is fully authorized to do so.
