

HRES 892

Recognizing the dedication of the employees at the National Aeronautics and Space Administration's Michoud Assembly Facility, the "Michoud Hurricane Ride-Out Team", who risked their lives during Hurricane Katrina's assault on southeast Louisiana, and kept the generators and pumps running to protect the facilities and flight hardware, and whose dedication kept the Michoud Assembly Facility an island of dry land, which made it possible to resume External Tank production less than 5 weeks after the storm passed.
