Data Security Act of 2007 - Prescribes security procedures which an entity that maintains or communicates sensitive account or personal information must implement and enforce in order to protect the information from an unauthorized use likely to result in substantial harm or inconvenience to the consumer.

Grants exclusive enforcement powers to specified federal regulatory agencies with oversight of financial institutions.

Denies a private right of action, including a class action, regarding any act or practice regulated under this Act.

Prohibits any civil or criminal action in state court or under state law relating to any act or practice governed under this Act.

Prescribes data security standards to be implemented by federal agencies.

Expresses the sense of the Congress that federal regulators shall make every effort to reconcile differences between this Act and specified requirements of the Gramm-Leach-Bliley Act.

Provides that a notice provided to any consumer under this Act may be the basis for a request by the consumer for an initial fraud alert under the Fair Credit Reporting Act.

Preempts state law with respect to the responsibilities of any person to protect against and investigate such data security breaches and mitigate any losses or harm resulting from them.

### **Actions Timeline**

---

- **Mar 27, 2007:** Referred to the Subcommittee on Commerce, Trade and Consumer Protection.
- **Mar 26, 2007:** Introduced in House
- **Mar 26, 2007:** Referred to the Committee on Financial Services, and in addition to the Committees on Oversight and Government Reform, and Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.
