Strategies to Address Antimicrobial Resistance Act - Amends the Public Health Service Act to direct the Secretary of Health and Human Services to: (1) establish, and appoint the Director of, the Office of Antimicrobial Resistance to develop plans for addressing antimicrobial resistance in the United States and internationally; (2) establish the Public Health Antimicrobial Advisory Board to assist the Director; and (3) develop an antimicrobial resistance strategic research plan. Renews the Antimicrobial Resistance Task Force and sets forth its membership and duties.

Amends the Federal Food, Drug, and Cosmetic Act to require the submission of human and animal drug distribution data to the Office of Antimicrobial Resistance, the Antimicrobial Resistance Task Force, and the Public Health Antimicrobial Advisory Board. Requires the Director to make drug distribution data publicly available by antimicrobial drug class.

Requires the Secretary to establish at least 10 Antimicrobial Resistance Clinical Research and Public Health Network sites to describe outbreaks of antimicrobial resistant pathogens and monitor the patterns of such pathogens in individuals.
