110 S 1472	Identical bill	Aug 1, 2007: Committee on Energy and Natural Resources Subcommittee on Water and Power. Hearings held. With printed Hearing: S.Hrg. 110-170.

(This measure has not been amended since it was passed by the House on December 5, 2007. The summary of that version is repeated here.)

North Bay Water Reuse Program Act of 2007 - Amends the Reclamation Wastewater and Groundwater Study and Facilities Act to authorize the Secretary of the Interior, contingent upon a finding of feasibility and acting through a cooperative agreement with the state of California or a subdivision thereof, to enter into cooperative agreements with eligible entities in the North San Pablo Bay watershed located in Marin, Napa, Solano, and Sonoma Counties for the planning, design, and construction of water reclamation and reuse facilities and recycled water conveyance and distribution systems.

Directs the Secretary and such an entity to use the design work and environmental evaluations initiated by non-federal entities and the Corps of Engineers in that watershed to the maximum extent practicable.

Requires any such cooperative agreement to require the program to be carried out in two phases, during which the Secretary and an entity shall complete the planning, design, and construction of: (1) the main treatment and main conveyance systems; and (2) the sub-regional distribution systems.

Limits the federal share to 25% of the total cost of the first phase of the project. Allows the non-federal share to be in the form of in-kind services that the Secretary determines would contribute substantially toward the completion of the water reclamation and reuse project. Prohibits the Secretary from providing funds for operation and maintenance of the project. Authorizes appropriations.

Actions Timeline

- **Sep 16, 2008:** Committee on Energy and Natural Resources. Reported by Senator Bingaman without amendment. Without written report.
- **Sep 16, 2008:** Placed on Senate Legislative Calendar under General Orders. Calendar No. 1010.
