Generations Invigorating Volunteerism and Education Act, or the GIVE Act - Amends the National and Community Service Act of 1990 (NCSA) and the Domestic Volunteer Service Act of 1973 (DVSA) to revise their programs and reauthorize appropriations for them through FY2012.

Title I: Amendments to National and Community Service Act of 1990 - Revises under the NSCA: (1) the School-Based and Community-Based Service-Learning programs and Higher Education Innovative Programs for Community Service, also known as Learn and Serve programs; (2) National Service Trust programs, also known as AmeriCorps; (3) the Civilian Community Corps Demonstration program; and (4) the Investment for Quality and Innovation program.

Subtitle A: Amendments to Subtitle A (General Provisions) - (Sec. 1101) Adds to NSCA purposes: (1) providing year-round opportunities in service-learning; (2) involving citizens in emergency and disaster preparedness, relief, and recovery; (3) increasing service opportunities for retiring professionals; and (4) encouraging service by Baby Boomers and continued service by national service alumni.

Expresses the sense of Congress that the number of participants in AmeriCorps, Volunteers in Service to America (VISTA), and NCCC should grow to 100,000 by 2012.

(Sec. 1102) Adds definitions of approved summer of service positions, the baby boom generation, disadvantaged youth, grantmaking entities, Hispanic-serving institutions, historically Black colleges or universities, qualified organizations, and tribally controlled colleges or universities.

Subtitle B: Amendments to Subtitle B (Service-Learning) - (Sec. 1201) Revises the School-Based programs for elementary and secondary school students (part of the Learn and Serve programs) to eliminate the current competitive grant portion of such programs. Requires the Corporation for National and Community Service (Corporation) to allocate appropriated funds to states, after reserving from 2% to 3% for Indian tribes and territories, pursuant to a formula that takes into account a state's share of school age youth and funds received under title I of the Elementary and Secondary Education Act of 1965.

Authorizes new Summer of Service programs, within School-Based programs, under which students who will be entering grades 6 through 12 at the end of the summer and complete 100 hours of community-based service learning summer projects become eligible for an educational award of up to \$500 from funds deposited in the National Service Trust. Permits the Corporation to increase the award to not more than \$1,000 for economically disadvantaged participants. Allows participants to earn a maximum of two summer of service educational awards.

Requires the Corporation to reserve up to 3% of the funds provided for Learn and Serve programs to award competitive grants to partnerships between local educational agencies (LEAs) and community partners for new programs that encourage civic engagement by students in service learning under the school-based programs.

Increases from 5% to 6% the limit on the use of program funds for administrative costs.

Turns the School-Based programs into competitive grant programs for any fiscal year for which less than \$20 million is appropriated for them.

Eliminates the current Community-Based Learn and Serve programs.

(Sec. 1202) Revises the Higher Education Innovative programs (part of the Learn and Serve programs) that award grants

to institutions of higher education (IHEs) and partnerships of IHEs and nonprofit organizations for the provision of community service-learning opportunities to postsecondary school students.

Allows the use of grant funds for the inclusion of service-learning as a key component not only of preservice teacher education, but also for education in health care, criminal justice, and public policy and public administration.

Directs the Corporation, to the extent practicable, to give special consideration to applications submitted by predominantly Black institutions, historically Black colleges and universities, Hispanic-serving institutions, and tribal colleges and universities.

Requires that grantee IHEs meet the minimum requirement set by the Higher Education Act of 1965 regarding the participation of federal work-study students in community service activities.

(Sec. 1203) Establishes a new Learn and Serve program, Innovative Service-Learning Programs and Research, providing matching grants to states, nonprofit organizations, territories, Indian tribes, and IHEs to: (1) provide community service-learning opportunities to elementary and secondary, college, and graduate students; and (2) research and evaluate service-learning.

Includes among allowable grant activities: (1) integrating service-learning programs into science, technology, engineering, and mathematics (STEM) curricula; (2) service-learning programs focused on energy conservation, emergency and disaster preparedness, improving access to computers and other emerging technologies; and (3) involving high school age youth in the mentoring of middle school students.

Gives funding priority to programs that: (1) involve students and community stakeholders in their design and implementation; (2) operate in low-income or rural communities; and (3) utilize adult volunteers, including retired or retiring adults.

Subtitle C: Amendments to Subtitle C (National Service Trust Program) - (Sec. 1301) Revises the National Service Trust (AmeriCorps) program to: (1) include territories as eligible grant recipients; (2) prohibit the provision of grants to federal agencies; (3) increase from 5% to 6% the limit on the use of program funds for administrative costs; (4) set the federal share of program costs at 76% for a recipient's first three years, with gradual reductions in such share until it reaches 50% in year 10, though an alternative match schedule is established for programs in rural or severely economically distressed communities; and (5) require grant recipients to report any non-Corporation federal funding for their program.

(Sec. 1302) Includes among eligible AmeriCorps programs: (1) an E-corp program increasing community access to technology; (2) a program engaging citizens in public safety, health, and emergency preparedness services; (3) a youth mentoring program; and (4) a program to reduce recidivism by re-engaging court-involved youth.

Requires the Corporation to reserve up to 3% of AmeriCorp funding to award competitive grants for the development of innovative programs addressing the unique need of veterans.

Requires national service programs that provide tutoring to elementary and secondary school students to: (1) certify that tutors have either obtained their high school diploma or passed a proficiency test and successfully completed pre- and in-service tutor training; and (2) offer high quality curricula that meet state academic content standards.

Requires national service programs that promote citizenship and civic engagement to meet requirements, to be established by the Corporation, that are consistent with the principles on which the U.S. Citizenship and Immigration

Services' citizenship programs are based.

(Sec. 1303) Allows the Corporation to approve programs carried out by territories as national service programs that include education awards.

(Sec. 1305) Increases the minimum and maximum grant the Corporation may make to states to operate State Commissions on National and Community Service. Imposes state matching requirements that are based on the size of the grant.

Requires challenge grants for national service programs to be completely matched by private funds for an initial three-year grant period and matched by private amounts that are twice the grant amount thereafter. Allows the Corporation to permit the use of state or local funds as matching funds if private funds are unavailable.

(Sec. 1306) Requires 37.5% of the AmeriCorps funds allocated by the Corporation to be for state formula grants, 37.5% for state competitive grants, 23% for national competitive grants to nonprofit organizations, 1% for Indian tribes, and 1% for territories. Establish a minimum state formula grant of \$600,000.

(Sec. 1307) Establishes the Education Awards Only program, as part of the AmeriCorps program, allowing the Corporation to provide operational support to programs that have approved national service positions but do not otherwise receive AmeriCorps funds. Limits operational support to \$600 per program participant, or \$800 per participant for programs serving at least 50% disadvantaged youth.

(Sec. 1311) Requires the Corporation to place special emphasis on disadvantaged youth when selecting individuals to receive national service leadership training.

(Sec. 1313) Reduces the national service living allowance by the amount of the federal work study award provided to individuals during their national service.

Subtitle D: Amendments to Subtitle D (National Service Trust and Provision of National Service Educational Awards) - (Sec. 1401) Permits the Corporation to use National Service Trust funds to pay for the new Summer of Service educational awards authorized under subtitle B of this Act.

(Sec. 1402) Prohibits individuals from receiving a national service educational award from the Trust if they complete less than 15% of their required term of service.

Limits an individual's receipt of such awards to the aggregate value of two national educational awards for full time service; but excludes Summer of Service educational awards from such calculation.

(Sec. 1403) Increases such award for full-time service by \$100 each year beginning in FY2008, when it stands at \$4,825, until FY2012, when the award reaches \$5,225.

(Sec. 1404) Permits use of such award to cover the costs of enrolling in educational institutions or, in the case of summer of service participants, enrolling in college preparatory programs.

Subtitle E: Amendments to Subtitle E (National Civilian Community Corps) - (Sec. 1502) Renames the Civilian Community Corps Demonstration program as the National Civilian Community Corps (NCCC) program. Permits the NCCC to operate nonresidential programs.

(Sec. 1503) Makes individuals eligible for participation in the NCCC program, other than the summer program, if they will

be at least 18 before the end of the calendar year in which they enroll.

Requires the NCCC Director to ensure that at least 50% of program participants are disadvantaged youth by 2010.

(Sec. 1504) Requires, to the extent practicable, that at least 50% of the participants in the NCCC summer program are from economically and ethnically diverse backgrounds, including youth who are in foster care.

(Sec. 1505) Requires the Director to select Corps members with prior supervisory or service experience to be team leaders within NCCC units. Requires assignment of units to campuses, rather than camps, which shall be headed by campus directors, rather than camp superintendents.

Requires campus locations to be cost-effective (as determined by a feasibility study), and distributed in a manner that allows Corps units to be easily deployed for disaster and emergency response.

(Sec. 1506) Requires the Director to ensure, to the extent practicable, that each NCCC participant receives training in cardiopulmonary resuscitation (CPR), first aid, and other skills related to disaster preparedness and response.

(Sec. 1509) Makes the Chief Executive Officer (CEO) of the Corporation, rather than the NCCC Director, responsible for appointing a permanent cadre of NCCC supervisors and training instructors. Requires such cadre to receive training in working with disadvantaged youth.

(Sec. 1512) Expands the NCCC Advisory Board to include the Administrator of the Federal Emergency Management Agency (FEMA), the Secretary of Transportation, the Chief of the United States Forest Service, the Administrator of the Environmental Protection Agency (EPA), and the Secretary of Energy. Requires states to develop comprehensive state plans for volunteer and paid service by members of the Baby Boom generation and older adults.

(Sec. 1606) Requires the Corporation to: (1) establish performance measures for national service grantees in consultation with such grantees; and (2) provide technical assistance to failing grantees who have received assistance for less than three years.

Requires national service grantees to reach agreements with the Corporation on corrective action plans if they fail to achieve such measures. Provides for the reduction or termination of assistance to grantees who continue to fall short of performance standards after an agreed upon correction period.

Allows the Corporation to reserve 1% of the total NCSA and DVSA program funds appropriated in a fiscal year for program accountability activities.

(Sec. 1609) Entitles the Inspector General of the Corporation to access to the records of grantees under the NCSA.
