Chronic Wasting Disease Support for States Act - Directs the Secretary of the Interior to establish an official national database on chronic wasting disease for the surveillance and monitoring of data regarding chronic wasting disease in wild and captive cervid (member of the deer family) populations and other wildlife.

Requires such Secretary to: (1) develop a national surveillance and monitoring program to identify the rate of chronic wasting disease infection in deer and elk wild herds; (2) allocate funds for the development and implementation of management strategies to address chronic wasting disease; and (3) make grants to support research on chronic wasting disease.

Requires the Secretary of Agriculture to: (1) develop a national surveillance and monitoring program to identify the rate of chronic wasting disease infection in captive deer and elk herds; (2) upgrade federal laboratories to facilitate timely processing of samples from the surveillance and monitoring programs and related epidemiological investigation; (3) expand and accelerate research on chronic wasting disease; and (4) increase the number and size of grants made to support such research.

Actions Timeline

- **Apr 25, 2008:** Referred to the Subcommittee on Livestock, Dairy, and Poultry.
