Summary (as of Sep 22, 2008)

Tule River Tribe Water Development Act - Directs the Secretary of the Interior, acting through the Bureau of Reclamation, to complete a feasibility study to evaluate alternatives for a domestic, commercial, municipal, industrial, and irrigation water supply for the Tule River Tribe of the Tule River Reservation.

Prohibits any project constructed in relation to that study from providing water supplies for the current tribal casino, an expansion of the current tribal casino, or any other tribal casino, including any current or future lodging, dining, entertainment, meeting space, parking, or other similar facilities in support of gaming activities. Requires water supplies provided from such a project to be available to serve the domestic, municipal, and governmental (including firefighting) needs of the tribe and its members and other commercial, agricultural, and industrial needs unrelated to gaming activities.
