### Summary (as of Sep 29, 2010)

Requires the Secretary of the Army, through the Chief of Engineers and at the request of a state in which a federal reservoir operated by the Secretary is located, to calculate the aggregate withdrawals of a non-federal entity by subtracting any return flow. Defines "return flow" as a discharge that flows directly or indirectly into a reservoir from a wastewater or water supply system in accordance with applicable federal law, excluding a discharge of storm water that would have flowed into such a reservoir in the absence of a discharge by a non-federal entity.

### Actions Timeline

- **Sep 29, 2010:** Introduced in Senate
- **Sep 29, 2010:** Read twice and referred to the Committee on Environment and Public Works.
