Food Allergy and Anaphylaxis Management Act of 2009 - Requires the Secretary of Health and Human Services to develop and make available to local educational agencies, schools, early childhood education programs, and other interested entities voluntary guidelines to develop plans for individuals to manage the risk of food allergy and anaphylaxis in schools and early childhood education programs. Directs that such guidelines address: (1) parental obligation to provide the documentation of their child's allergies; (2) the creation of an individual food allergy management plan for each such child; (3) communication between schools or programs and emergency medical services; (4) reduction of exposure to anaphylactic causative agents; (5) food allergy management training; and (6) administration of epinephrine.
