Amends the Consumer Product Safety Improvement Act of 2008 to exempt off-highway vehicles from children's product lead limits. Defines "off-highway vehicle" as: (1) any motorized vehicle designed to travel on two, three, or four wheels and having a seat designed to be straddled by the operator and handlebars for steering control; and (2) a snowmobile.

Allows the Consumer Product Safety Commission (CPSC) to exempt a specific product or material from the limits if it finds that lead in the product or material will not result in the absorption of lead (under current law, of any lead) into the human body, taking into account normal and reasonably foreseeable use and abuse of the product by a child.
