Summary (as of Sep 15, 2010)

Congressional Made in America Promise Act of 2010 - Amends the Buy American Act to apply Buy American requirements to articles, materials, and supplies acquired for the use of any legislative branch office, including the House of Representatives and the Senate, in the same manner as the Act applies with respect to articles, materials, and supplies acquired for the use of a department or independent establishment.

Prescribes a special rule in the case of any product which bears a congressional official insignia (including a mark resembling an official seal) that is acquired for the use of a legislative branch office. Prohibits the head of such office from making a determination under the Act that: (1) it is inconsistent with the public interest to enter into a contract in accordance with the Act; or (2) an article, material, or supply is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities and of satisfactory quality.

Applies this prohibition to otherwise exempted manufactured articles, materials, or supplies procured under any contract the award value of which is less than or equal to the micro-purchase threshold.
