Equal Treatment of Covered Bonds Act of 2009 - Amends the Federal Deposit Insurance Act to include a covered bond as a qualified financial contract with an insured depository institution, if it was entered into before appointment of the Federal Deposit Insurance Corporation (FDIC) as receiver for the institution, where a person has the right to cause the contract's termination, liquidation, or acceleration upon such an appointment.

Defines such a bond as a nondeposit recourse debt obligation of an insured depository institution, with a term to maturity of at least one year, which is secured by specifically identified assets which are performing in accordance with the terms of the contracts which created the assets.

Declares federal banking agency regulations inapplicable to any covered bond unless they are prescribed jointly by the Secretary of the Treasury, the Board of Governors of the Federal Reserve System, the Comptroller of the Currency, the Director of the Office of Thrift Supervision, and the Board of Directors of the FDIC.
