Lists as the program's objectives to: (1) develop a new generation of acquisition leaders with government-wide perspective, skills, and experience; (2) recruit individuals with the outstanding academic merit, ethical value, business acumen, and leadership skills to meet the government's acquisition needs; and (3) offer opportunities for advancement, competitive compensation, and leadership opportunities. Requires the program to consist of one academic year of full-time, on-campus training followed by two years of on-the-job and part-time training toward a Masters or equivalent graduate degree in related fields.

Requires persons selected for the program to commit to employment with the government in the field of acquisition following program completion. Requires executive agencies to give priority to program graduates for purposes of hiring employees in the acquisition field.
