Summary (as of Jul 23, 2009)

Trans Fat Truth in Labeling Act of 2009 - Directs the Commissioner of Food and Drugs (FDA) to promulgate a final regulation revising federal nutrition labeling regulations to require the label of a food that has less than .5 grams of trans fat per serving to express that information with an asterisk or other notation instead of expressing the trans fat content as zero when the trans fat content of such food is declared in the nutrition information on the label or in the labeling of the food.
