**(This measure has not been amended since it was passed by the Senate on June 10, 2010. The summary of that version is repeated here.)**

Cruise Vessel Security and Safety Act of 2010 - (Sec. 3) Delineates passenger vessel security and safety requirements concerning: (1) vessel design, equipment, construction, and retrofitting; (2) video surveillance to monitor crime; (3) access to security guide; (4) posting of U.S. embassy locations; (5) maintenance of equipment, medications, and medical personnel for sexual assaults on board; (6) confidentiality of sexual assault information; (7) restrictions on crew access to passenger staterooms; and (8) log book entry and reporting of deaths, missing individuals, thefts, and other crimes.

Prescribes civil and criminal penalties for persons who willfully violate such requirements.

Directs the Secretary of the department in which the Coast Guard is operating to develop minimum training standards for the certification of passenger vessel security personnel, crew members, and law enforcement officials on methods for the prevention, detection, evidence preservation, and reporting of criminal activities in the international maritime environment.

Prohibits a vessel carrying U.S. citizens from entering a U.S. port unless there is at least one crew member on board who has met such training and certification requirements. Subjects persons who violate such requirements to certain civil penalties.

(Sec. 4) Repeals certain maritime reporting requirements.

Requires the Secretary of the department in which the Coast Guard (CG) is operating to combine into a single annual report for FY2010 and thereafter the separate reports of the CG concerning: (1) its annual fisheries enforcement plans; and (2) steps it will take to improve significantly the detection and interdiction of illegal incursions by foreign fishing vessels into the U.S. exclusive economic zone.
