Cavernous Angioma CARE Center Act of 2010 - Amends the Public Health Service Act to require the Director of the National Institutes of Health (NIH) to establish the Cavernous Angioma Clinical Care, Advocacy, Research, and Education Center of Excellence at the University of New Mexico to: (1) provide basic, translational, and clinical research with respect to new diagnostic, prevention, and novel treatment methodology for individuals with cavernous angioma; and (2) serve as a model for, and provide support to, medical schools and research institutions.

Requires the Director of the Center to: (1) ensure that the Center provides community-, family-, and patient-centered culturally sensitive care; (2) encourage and coordinate opportunities for individuals to participate in clinical research studies that will advance medical research and care; and (3) develop the Center as a model and training facility for other facilities throughout the United States that are engaged in research regarding, and care for individuals with, cavernous angioma.
