### Summary (as of Sep 29, 2010)

Amends the Federal Crop Insurance Act to permit an agricultural producer who owns livestock to plant a second crop on the same acreage for harvest in the same crop year as a first crop and receive full prevented planting indemnity payments if such producer: (1) is located in an area that experienced excessive precipitation which prevented the first crop's planting by its final planting date; and (2) uses the second crop solely for emergency feed for the producer's livestock.
