## Summary (as of Apr 1, 2009)

Medicare Fracture Prevention and Osteoporosis Testing Act of 2009 - Amends title XVIII (Medicare) of the Social Security Act, as amended by the Medicare Improvements for Patients and Providers Act of 2008, to direct the Secretary of Health and Human Services to establish a national minimum payment amount for CPT code 77080 (relating to dual energy x-ray absorptiometry, or DXA, the most widely accepted method of measuring bone mass to predict fracture risk) and CPT code 77082 (relating to vertebral fracture assessment, or VFA), and any successor to such codes as identified by the Secretary (bone mass scans).

Directs the Secretary to arrange with the Institute of Medicine of the National Academies to study and report to the Secretary and Congress on: (1) the ramifications of Medicare reimbursement reductions for DXA and VFA on beneficiary access to bone mass measurement benefits; and (2) the methods to increase use of bone mass measurement by Medicare beneficiaries.

## Actions Timeline

- **Apr 1, 2009:** Introduced in Senate
- **Apr 1, 2009:** Read twice and referred to the Committee on Finance.
