Summary (as of Sep 12, 2012)

Nonprofit Energy Efficiency Act - Directs the Secretary of Energy (DOE) to establish a pilot program to award grants to nonprofit organizations for the purpose of retrofitting buildings owned by such organizations with energy-efficiency improvements.

Directs the Secretary, in determining whether to award a grant, to apply performance-based criteria, which shall give priority to applications based on: (1) the cost-effectiveness of the energy-efficiency improvement; and (2) an effective plan for evaluation, measurement, and verification of energy savings. Limits each grant award to: (1) an amount equal to 50% of the energy-efficiency improvement, and (2) \$200,000.

Authorizes appropriations for such grants for FY2013-FY2016 and makes offsetting reductions in authorizations for energy sustainability and efficiency grants under the Energy Policy and Conservation Act.

Actions Timeline

- **Sep 12, 2012:** Introduced in Senate
- **Sep 12, 2012:** Read twice and referred to the Committee on Energy and Natural Resources.
