Veterans' Telehealth and Telemedicine Improvement Act - Directs the Secretary of Veterans Affairs to carry out a program to increase the use of: (1) teleconsultation, telemedicine, telehealth, and home telehealth by the Department of Veterans Affairs (VA); and (2) teleretinal imaging in each Veterans Integrated Services Network.

Directs the Secretary to: (1) require each VA facility involved in the training of medical residents to work with each university concerned to develop an elective rotation in telemedicine for such residents, and (2) provide VA health care professionals with education and training in the use of telemedicine to provide care for veterans in rural areas.

Requires the Secretary to modify the Veterans Equitable Resource Allocation system to: (1) provide incentives for the use of teleconsultation, teleretinal imaging, telemedicine, and telehealth coordination services; and (2) require the inclusion of all telemedicine visits in the calculation of facility workload.

Authorizes the Secretary to waive the imposition or collection of copayments for teleconsultation, telemedicine, teleretinal imaging, telehealth, and home telehealth visits of veterans.
