Federal Agriculture Reform and Risk Management Act of 2012 - **Title I: Commodities - Subtitle A: Repeals and Reforms** - Repeals, but continues for crop year 2012: (1) direct payments, (2) countercyclical payments, and (3) the average crop revenue election program (ACRE).

Provides for crop years 2013-2017 either: (1) price loss coverage if a covered commodity's effective price is less than its reference price; or (2) alternative revenue loss coverage, as a permanent one-time election, if a covered commodity's county revenue is less than the county revenue loss coverage trigger.

Subtitle B: Marketing Loans - Authorizes: (1) nonrecourse marketing assistance loans, (2) loan deficiency payments, (3) payments in lieu of loan deficiency payments for grazed acreage, (4) programs for upland cotton and extra long staple cotton, (5) assistance for peanuts, and (6) recourse loans for high moisture feed grains and seed cotton.

Subtitle C: Sugar - Directs the Secretary of Agriculture (USDA) to make nonrecourse loans to processors of domestically grown sugarcane and domestically grown sugar beets through crop year 2017.

Directs the Secretary to make sugarcane and sugar beet quantity estimates through crop year 2017 for: (1) human consumption, (2) carryover stocks, (3) carry-in stocks, (4) domestic processing, and (5) imports.

Subtitle D: Dairy - Part I: Dairy Producer Margin Protection and Dairy Market Stabilization Programs - Establishes a dairy production margin protection program under which participating dairy operations are paid: (1) basic production margin protection program payments when production margins are less than threshold levels, and (2) supplemental production margin protection program payments if purchased by a participating dairy operation. Provides for program retroactivity.

Establishes a dairy market stabilization program to assist in balancing the supply of milk with demand when participating dairy operations are experiencing low or negative operating margins.

Terminates the production margin protection and stabilization programs on December 31, 2017.

Part II: Repeal or Reauthorization of Other Dairy-Related Provisions - Repeals: (1) the dairy products price support program, (2) the milk income loss contract program, and (3) the dairy export incentive program.

Extends: (1) the dairy indemnity program, (2) the dairy forward pricing program, and (3) the dairy promotion and research program.

Part III: Effective Date - Makes the provisions of this subtitle effective on October 1, 2012.

Subtitle E: Supplemental Agricultural Disaster Assistance Programs - Provides livestock indemnity payments through FY2017 to eligible producers on farms that have incurred excess livestock death losses due to: (1) attacks by animals reintroduced into the wild by the federal government or protected by federal law, or (2) adverse weather.

Provides compensation through FY2017 to eligible livestock producers for grazing losses caused by drought or fire.

Provides emergency assistance through FY2017 to eligible producers of livestock, honey bees, and farm-raised fish to aid in the reduction of losses due to disease or adverse weather.

Provides assistance through FY2017 to eligible orchardists and nursery tree growers that planted trees for commercial

purposes but lost the trees as a result of a natural disaster, and to eligible orchardists and nursery tree growers that have a production history for commercial purposes on planted or existing trees but lost the trees as a result of a natural disaster.

Subtitle F: Administration - Directs the Secretary to use Commodity Credit Corporation (CCC) funds, facilities, and authorities to carry out this title.

Suspends permanent price support authority under the Agricultural Adjustment Act of 1938 and the Agricultural Act of 1949 for covered commodities, cotton, and sugar through crop year 2017, and for milk through December 31, 2017.

Revises specified payment limitation provisions.

Prohibits a person or legal entity from receiving specified agricultural benefits during a crop, fiscal, or program year if the average adjusted gross income of such person or entity (over the three taxable years preceding the most immediately preceding complete taxable year) exceeds \$950,000.

Extends specified direct reimbursement payments for geographically disadvantaged farmers and ranchers through FY2017.

Directs the Secretary to preclude the issuance of agricultural payments to, and on behalf of, deceased individuals that were not eligible for payments.

Makes \$100 million available to the Farm Service Agency to carry out this title.

Title II: Conservation - Subtitle A: Conservation Reserve Program - Extends the conservation reserve program (CRP) and the farmable wetland program through FY2017.

Sets forth maximum CRP acreage enrollments for FY2012 through FY 2017.

Subtitle B: Conservation Stewardship Program - Revises, and extends through FY2017, the conservation stewardship program.

Limits aggregate payments to a person or entity to \$200,000 during FY2013 through FY2017.

Subtitle C: Environmental Quality Incentives Program - Extends the environmental quality incentives program through FY2017.

Requires that 60% of FY2013 through FY2017 program funds be used for livestock production practices, and that 5% of such funds be used for wildlife habitat practices.

Provides payments for wildlife habitat development.

Applies program limitations to the period FY2013 through FY2017.

Subtitle D: Agricultural Conservation Easement Program - Establishes the agricultural conservation easement program for the conservation of eligible land and natural resources through easements or other interests in land. (Combines the purposes and coordinates the functions of the wetlands reserve program, the grassland reserve program, and the farmland protection program.)

Sets forth agricultural land and wetland easement provisions.

Makes the provisions of this subtitle effective on October 1, 2012.

Subtitle E: Regional Conservation Partnership Program - Establishes a regional conservation partnership program to: (1) accomplish purposes similar to the agricultural water enhancement program, the Chesapeake Bay watershed program, the cooperative conservation partnership initiative, and the Great Lakes basin program; (2) further the conservation use of natural resources on a regional or watershed scale; and (3) encourage partners to cooperate with producers in meeting or avoiding the need for regulatory requirements related to production on eligible land and implementing projects that affect multiple agricultural or nonindustrial private forest operations on a local, state, or regional basis.

Authorizes the Secretary to enter into a partnership agreement for up to five years, with a one-time extension for up to 12 months.

Provides program funding for FY2013 through FY2017. Sets forth funding allocation provisions.

Makes the provisions of this subtitle effective on October 1, 2012.

Subtitle F: Other Conservation Programs - Authorizes appropriations through FY2017 for: (1) the conservation of private grazing land program, (2) the grass roots source water protection program, (3) the voluntary public access and habitat incentive program, and (4) the small watershed rehabilitation program.

Subtitle G: Funding and Administration - Amends the Food Security Act of 1985 to authorize the use of CCC funds through FY 2017 for: (1) the conservation reserve program, including specified amounts for tree thinning and transferring of contract land from retiring owners and operators to beginning and disadvantaged farmers and ranchers; (2) the agricultural conservation easement program; (3) the conservation security program; (4) the conservation stewardship program; and (5) the environmental quality incentives program.

Makes the provisions of this section effective on October 1, 2012.

Subtitle H: Repeal of Superseded Program Authorities and Transitional Provisions; Technical Amendments - Repeals: (1) the conservation enhancement program, (2) the emergency forestry conservation reserve program, (3) the wetlands reserve program, (4) the farmland protection program, (5) the grassland reserve program, (6) the agricultural water enhancement program, (7) the wildlife habitat incentive program, (8) the Great Lakes Basin program, (9) the Chesapeake Bay watershed program, (10) the cooperative conservation partnership initiative, and (11) the environmental easement program.

Sets forth investigatory and enforcement provisions under the Organic Foods Production Act of 1990.

Exempts the bulk bin shipment of apples to Canada from specified Apple Export Act requirements.

Subjects imported olive oil to U.S. grade, size, and quality controls.

Authorizes any person to petition USDA for a determination that an organism subject to regulation as a plant pest is not a plant pest.

Repeals the coordinated plant management program and establishes the national clean plant network for diagnostic and pathogen elimination services to: (1) produce clean propagative plant material, and (2) maintain blocks of pathogen-tested plant material in sites throughout the United States.

Requires USDA to report to Congress on biotechnology regulation.

Extends and revises Pesticide Registration Improvement Renewal Act fee and related provisions.

Reducing Regulatory Burdens Act of 2012 - Prohibits, with specified exceptions, the Administrator of the Environmental Protection Agency (EPA) or a state from requiring a permit under the Federal Water Pollution Control Act for a discharge from a point source into navigable waters of a pesticide authorized for sale, distribution, or use under the

Federal Insecticide, Fungicide, and Rodenticide Act.

Includes bed bugs in the definition of a "vector organism."

Makes the provisions of this title effective on October 1, 2012, with specified exceptions.

Title XI: Crop Insurance - Makes available to crop producers a supplemental coverage option (based on area yield and loss) to cover part of a crop insurance policy deductible. Triggers such option only if area losses exceed 10% of normal levels.

Provides for: (1) 70% premium coverage by the Federal Crop Insurance Corporation (FCIC), and (2) coverage to begin no later than crop year 2013.

Makes permanent the pilot program under which FCIC pays a portion of the premiums for insurance plans or policies for which the insurable unit is defined as a whole farm or enterprise unit.

Makes separate enterprise units available for irrigated and non-irrigated acreages of crops beginning with crop year 2013.

Revises the adjustment in actual production history used to establish insurable yields.

Requires FCIC to: (1) review any policy or pilot program to carry out research and development for new crop insurance policies and submit such policy or program to the Board of Directors, if the policy or program will likely result in a marketable policy and improved coverage; and (2) make an additional annual reimbursement through reinsurance year 2015 to insurance companies selling specialty crop policies.

Provides crop insurance premiums at 50 percentage points less than the otherwise applicable subsidy for the first four crop years of planting on native sod acreage in the Prairie Pothole National Priority Area.

Defines "beginning farmer or rancher" as a farmer or rancher who has not actively operated and managed a farm or ranch with a bona fide insurable interest in a crop or livestock as an owner-operator, landlord, tenant, or sharecropper for more than five crop years.

Requires FCIC, beginning not later than the 2013 upland cotton crop, to make available to producers of maximum eligible acres of upland cotton an additional policy (the Stacked Income Protection Plan). States that Plan coverage shall be in addition to all other coverages available to upland cotton producers.

Requires FCIC and the Risk Management Agency, beginning with the 2013 crop, to make available a revenue crop insurance program for peanuts based on a price equal to the Rotterdam price index for peanuts, as adjusted to reflect the farmer stock price of peanuts in the United States.

Directs the Secretary to: (1) maintain and upgrade FCIC information management systems used in the administration and enforcement of this title, (2) implement an acreage reporting streamlining initiative to permit producers to report acreage and other information directly to USDA.

Requires FCIC to: (1) contract for research and development for insuring producers of freshwater-reared catfish against reduction in the margin between market value and selected production costs; (2) contract to determine the feasibility of insuring commercial poultry production against business disruptions caused by integrator bankruptcy, and for a study to determine the feasibility of insuring poultry producers for a catastrophic event; (3) contract for research and development

of insuring biomass and sweet sorghum grown to produce feedstocks for renewable biofuel, renewable electricity, or biobased products; (4) contract for a feasibility study of insuring swine producers for a catastrophic event; (5) to develop a whole farm risk management insurance plan (with liability up to \$1 million); and (6) contract for a study of whether offering coverage for specialty crops from food safety and contamination issues would benefit agricultural producers.

Limits livestock pilot programs to \$50 million per year.

Provides coverages based on individual yields (other than for value-loss crops) under the noninsured crop disaster assistance program equivalent to: (1) catastrophic risk protection, or (2) specified additional coverage. Reduces the premium for additional coverage by 50% for limited resource, beginning, and socially disadvantaged farmers.

Title XII: Miscellaneous - Subtitle A: Livestock - Extends through FY2017: (1) the national aquatic animal health plan, (2) the trichinæ certification program, and (3) the National Sheep Industry Improvement Center.

Subtitle B: Socially Disadvantaged Producers and Limited Resource Producers - Provides funding through FY2017 for: (1) outreach and assistance to socially disadvantaged farmers and ranchers (includes farmers and ranchers who are veterans in such program), and (2) the Office of Advocacy and Outreach.

Subtitle C: Other Miscellaneous Provisions - Provides funding through FY2017 for grants to improve the supply, stability, safety, and training of the agricultural labor force.

Prohibits USDA from closing or relocating a Farm Service Agency county or field office that has a high workload compared with other offices in the state.

Prohibits any person from knowingly attending an animal fighting venture or causing a minor to attend such a venture.

Establishes: (1) an Office of Tribal Relations within the Office of the Secretary; and (2) a USDA position of Military Veterans Agricultural Liaison to provide information to returning veterans on beginning farmer training, agricultural vocational and rehabilitation programs.

Authorizes: (1) the Secretary to make grants to state and tribal governments and research institutions to promote the domestic maple syrup industry, and (2) program appropriations through FY2017.

Prohibits any state or local government from imposing standards or conditions on the production or manufacture of agricultural products sold in interstate commerce if: (1) such production or manufacture occurs in another state, and (2) the standard or condition is in addition to the standards and conditions applicable pursuant to federal law and the laws of the state and locality in which such production or manufacture occurs.

Directs the Secretary to increase flood protection for farmers, producers, and other agricultural interests in the Missouri River basin by: (1) recalculating the amount of space within the Missouri River Mainstem Reservoir System that is allocated to flood control storage, and (2) increasing the River's channel capacity between the reservoirs and below Gavins Point.
