Hunt Unrestricted on National Treasures Act or the HUNT Act - Requires each head of a federal public land management agency (the National Park Service, the U.S. Fish and Wildlife Service, the U.S. Forest Service, and the Bureau of Land Management [BLM]), to annually make available to the public on its website a report that includes: (1) a list of the lands more than 640 acres in size under its jurisdiction on which the public is allowed to hunt, fish, or use such lands for other recreational purposes and to which there is no public access or egress or to which such access or egress to the lands' legal boundaries is significantly restricted; (2) a list of such lands that the agency head determines have significant potential for use for hunting, fishing, and other recreational purposes; and (3) a plan to provide such access and egress that is consistent with the travel management plan in effect.

Requires each agency head to make available to the public on the agency's website, and thereafter revise, a list of roads or trails that provide the primary public access and egress to the legal boundaries of contiguous parcels of land equal to more than 640 acres in size under the agency's jurisdiction on which the public is allowed to hunt, fish, or use such lands for other recreational purposes.

Amends the Land and Water Conservation Fund Act of 1965 to require allotment from the Land and Water Conservation Fund of an amount not less than 1.5 % of the moneys appropriated for projects that secure public access to federal land for hunting, fishing, and other recreational purposes through easements, rights-of-way, or fee title acquisitions from willing sellers.

---

### **Actions Timeline**

- **Aug 13, 2012:** Referred to the Subcommittee on Conservation, Energy, and Forestry.
- **Jul 13, 2012:** Referred to the Subcommittee on National Parks, Forests and Public Lands.
