Summary (as of Jul 30, 2013)

Petroleum Coke Transparency and Public Health Study Act - Requires the Secretary of Health and Human Services (HHS) to transmit to Congress, within 180 days after enactment of this Act, the results of a study, using the best available science, of petroleum coke that includes: (1) an analysis of the public health and environmental impacts of the production, transportation, storage, and use of petroleum coke; (2) an assessment of potential approaches and best practices for storing, transporting, and managing petroleum coke; and (3) a quantitative analysis of current and projected domestic petroleum coke production and utilization locations. Requires the Secretary to compile and publish on a publicly available website the results of such study.
