Emergency Jobs to Restore the American Dream Act - Requires the Secretary of Education to make grants to states for the modernization, renovation, or repair of public schools, including early learning facilities and charter schools, to make them safe, healthy, high-performing, and technologically up-to-date.

Allocates grant funds among states on the basis of the relative portion of school improvement funds provided to local educational agencies (LEAs) in each state under the Elementary and Secondary Education Act of 1965.

Reserves 5% of the grant funds for LEAs serving geographic areas: (1) with significant economic distress, (2) recovering from a natural disaster, or (3) containing a military installation selected for closure.

Requires states to reallocate such grant funds to LEAs on the basis of each LEA's share of school improvement funds received by LEAs in the state for the previous fiscal year.

Allows LEAs to give priority to projects involving the abatement, removal, or interim control of asbestos, polychlorinated biphenyls, mold, mildew, lead-based hazards, or a proven carcinogen.

Requires the iron and steel used in projects funded under this Act to have been produced in the United States, subject to specified exceptions.

Directs LEA grantees to use their grants for public school modernization, renovation, repairs, construction, or maintenance that meet the Leadership in Energy and Environmental Design (LEED) Green Building Rating System standards, Energy Star standards, Collaborative for High Performance Schools (CHPS) criteria, Green Building Initiative environmental design and rating standards (Green Globes), or equivalent standards adopted by the entities that have jurisdiction over such LEAs.

Requires the Secretary to work with grant recipients to promote appropriate opportunities for individuals enrolled in YouthBuild, Job Corps, junior or community college, or preapprenticeship programs to gain employment experience on projects funded under this Act.
