**(This measure has not been amended since it was introduced. The summary of that version is repeated here.)**

Silviculture Regulatory Consistency Act of 2013 - Amends the Federal Water Pollution Control Act (commonly known as the Clean Water Act) to prohibit the Administrator of the Environmental Protection Agency (EPA) from requiring, or from promulgating regulations that direct a state to require, a permit under the national pollutant discharge elimination system for a discharge of stormwater runoff resulting from the conduct of the following silviculture activities: nursery operations, site preparation, reforestation, thinning, prescribed burning, pest and fire control, harvesting operations, surface drainage, and road use, construction, and maintenance.

Specifies that nothing in this Act exempts a silvicultural activity resulting in the discharge of dredged or fill material from permit requirements for discharges into navigable waters.
