Secret Science Reform Act of 2014 - Amends the Environmental Research, Development, and Demonstration Authorization Act of 1978 to prohibit the Administrator of the Environmental Protection Agency (EPA) from proposing, finalizing, or disseminating a covered action unless all scientific and technical information relied on to support such action is specifically identified and publicly available in a manner sufficient for independent analysis and substantial reproduction of research results.

Defines "covered action" as a risk, exposure, or hazard assessment, criteria document, standard, limitation, regulation, regulatory impact analysis, or guidance.
